

## List of figures

Figure	Legends	Page no.
1	Study sites	30
2	Graphical representation of mean PDI values of two years (2014-2016)	42
3	Graphical representation of epidemiology of major foliar diseases of Som from 5 different places of Goalpara district of Assam during 2014-2016	46
4	Disease Epidemiology of Grey Blight of Som Plant in different areas of Goalpara districts. (a) Bhalukdubi Kalyanpur (b) Budlung pahar (c) Buraburi (d) Dorapara Agia (e) Lengopara.	52
5	Disease Epidemiology of Leaf spot of Som Plant in different areas of Goalpara districts. (a) Bhalukdubi Kalyanpur (b) Budlung pahar (c) Buraburi (d) Dorapara Agia (e) Lengopara.	53
6	Disease Epidemiology of Leaf Blight of Som Plant in different areas of Goalpara districts. (a) Bhalukdubi Kalyanpur (b) Budlung pahar (c) Buraburi (d) Dorapara Agia (e) Lengopara.	54
7	Disease Epidemiology of Leaf rust of Som Plant in different areas of Goalpara districts. (a) Bhalukdubi Kalyanpur (b) Budlung pahar (c) Buraburi (d) Dorapara Agia (e) Lengopara.	55
8	Graphical representation of frequency of occurrence (%) of fungal isolates in the non-rhizosphere soil of Som from Goalpara district of Assam during 2014-2016	62
9	Graphical representation of frequency of occurrence (%) of fungal isolates in the rhizosphere soil of Som from Goalpara district of Assam during 2014-2016	62
10	Graphical representation of occurrence of aeromycflora at Som plantation areas of Goalpara district of Assam during muga crop seasons (2014-2016)	64

11	Occurrence of Phylloplane mycoflora on dorsal surface of tender leaves (2014-2015)	77
12	Occurrence of Phylloplane mycoflora on ventral surface of tender leaves (2014-2015)	77
13	Occurrence of Phylloplane mycoflora on dorsal surface of tender leaves during 2015-2016	78
14	Occurrence of Phylloplane mycoflora on ventral surface of tender leaves during 2015-2016	78
15	Occurrence of Phylloplane mycoflora on dorsal surface of semi-mature leaves of Som during 2014-2015	79
16	Occurrence of Phylloplane mycoflora on ventral surface of semi-mature leaves of Som during 2014-2015	79
17	Occurrence of Phylloplane mycoflora on dorsal surface of semi-mature leaves of som during 2015-2016	80
18	Occurrence of Phylloplane mycoflora on ventral surface of semi-mature leaves of som during 2015-2016	80
19	Occurrence of Phylloplane mycoflora on dorsal surface of mature leaves of som during 2014-2015	81
20	Occurrence of Phylloplane mycoflora on ventral surface of mature leaves of som during 2014-2015	81
21	Occurrence of Phylloplane mycoflora on dorsal surface of mature leaves of som during 2015-2016	82
22	Occurrence of Phylloplane mycoflora on ventral surface of mature leaves of som during 2015-2016	82
23	Biochemical estimation of foliar constituents of Som during different seasons of 2014-2016	89
24	Graphical representation of foliar constituents of Som for different leaf types during 2014-2016	89
25	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by Bavistin	93

26	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by Topsin M	93
27	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by Mancozeb	94
28	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by Copper oxychloride	94
29	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by <i>Azadirachta indica</i>	97
30	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by <i>Bougainvillea spectabilis</i>	98
31	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by <i>Eupatorium odoratum</i>	98
32	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by <i>Lantana camara</i>	99
33	Graphical representation of mycelial growth inhibition of <i>P.disseminata</i> by <i>Lucas aspera</i>	99
34	Effect of Systemic fungicides on <i>Pestalotiopsis disseminata</i>	105
35	Effect of Non-systemic fungicides (Plant extracts) on <i>Pestalotiopsis disseminata</i>	105
