## Questioner for Tea Garden Management

### Set-1

#### Profile of the TE

Name of the TE: \_\_\_\_\_

Address in Full \_\_\_\_\_

Year of Establishment \_\_\_\_\_ Own Factory: ( Yes/No) \_\_\_\_\_

Type of Management (Govt. /Public/Pvt. Comp./Individual) \_\_\_\_\_

#### Please rate the following factors which impact on Production of Tea

(Most Important -4, Very important-3, Important – 2, Less important – 1 Not important - 0)

- |                                       |  |
|---------------------------------------|--|
| i) Rainfall _____                     | xv) Tech. for plucking of green leaf _____ |
| ii) Temperature _____                 | xvi) Tech. for processing of leaf _____    |
| iii) Humidity _____                   | xvii) Technology for Packaging _____       |
| iv) Windflow _____                    | xviii) Pesticides _____                    |
| v) Pressure _____                     | xix) Fertilizer _____                      |
| vi) Soil Condition _____              | xx) Cultivating material _____             |
| vii) Verity of Tea Leaf _____         | xxi) Irrigation material _____             |
| viii) Road connectivity _____         | xxii) Packaging Material _____             |
| ix) Irrigation _____                  | xxiii) Worker cost _____                   |
| x) Drainage _____                     | xxiv) Material Cost _____                  |
| xi) Worker _____                      | xxv) Capital cost _____                    |
| xii) Electricity _____                | xxvi) Welfare Cost _____                   |
| xiii) Fuel _____                      | xxvii) Subsidized Ration Cost _____        |
| xiv) Technology for plantation- _____ |  |

E. Any suggestions to overcome these problems \_\_\_\_\_
