

ACKNOWLEDGEMENT

It is my privilege to thank the "Lord Almighty" who is the prime mover of my doctoral pursuit, 'impossible', be seem 'possible', when we encounter unique personal. This treatise reflects the meticulous direction received from **Dr. Bhabananda Baruah**, Associate Professor, Department of Botany, under School of Biological Sciences, University of Science and Technology (USTM), Meghalaya-793101, India.

To complete of this treatise shows the systematic guidance, energetic furtherance and persistent countenance of **Dr. Bhabananda Baruah**, who introduced me to the ethnobotanical research which made me fully absorbed in it starting with the field work at the Udalguri district, I owe my profound gratitude to him.

I also express my sincere gratitude to my honourable guide who has so kindly given me the opportunity to work in the aforesaid subject and without whose pious guidance, proper supervision and encouragement it would have not been possible for me to complete this work and also for suggesting the point of the thesis, the long time and tremendous effort to offer every possible help to finish this thesis.

I am thankful to **Dr. Tarun Ch. Sarma** (Professor and Dean, Biological Sciences, USTM) and **Dr. Pradip Kumar Baruah** (Professor and Head of the Department Botany, USTM) for their utmost care and inspiration.

I am very much grateful to **Dr. Shafiqul Islam Bhuyan**, former Asstt. Prof. Dept. of Botany, USTM for determining the quality of works, offering necessary suggestions, insensible help and insight throughout the thesis.

I am much indebted to **The Staff and Faculty Members**, (Dept. of Botany, USTM), **Doctoral Committee Members** (USTM) and **Dr. Anup Bordoloi** (Diputy Director of Ph.D., USTM) for their great support, unconditional love and their kind care throughout the period remains as a guiding lamp for me.

I extend my sincere thanks and gratefulness to **The Authorities and Staff** of BSI, Eastern Circle, Shillong (Meghalaya) and to the Gauhati University, Guwahati for providing facilities to library and herbarium consultations.

I would like to give special thanks to **Dr. Ranjit Daimari**, Scientist, BSI, Eastern Circle, Shillong (Meghalaya) who is access to literature.

I am overwhelmed to thank Principal, **Dr. Luke Daimari**, Udalguri College, Udalguri for his constant support, valuable suggestions and overall encouragement to me during my work and for leave of absence without hesitation.

I am heartily thankful to **Dr. Rohit Ch. Daimari**, Assistant Prof. and Head of Dept. Botany and also to **Assistant Prof. Monideep Boro** of Dept. Botany of Udalguri College, Udalguri, for providing research facilities, great support, inspiration and goodwill.

For this study the **University Grant Commission (UGC)** help the undersigned by providing teacher's fellowship under Faculty Development Programme for which the author is grateful.

I am thankful to **Sri Madhurjya Sharma**, Dhansiri Forest Division, divisional officer forest office, Udalguri, Assam for providing maps, data of reserve forest, rivers and streams of Udalguri district.

I would like to express my sincere thanks to **The Director** of Indian Meteorological Department, Borjhar, Guwahati, Assam, for providing meteorological data.

Sincere thanks goes to **Local People (Bodo and Rabha)** those who are traditional medicinal practitioners for extending their co-operation during the course of my fieldwork.
