2023/12

## BA ADMINISTRATION & GOVERNANCE FIRST SEMESTER [REPEAT] FUNDAMENTALS OF GEOGRAPHY BAAG – 103

A

SET

[USE OMR SHEET FOR OBJECTIVE PART]

Duration: 3 hrs.

Objective

Marks: 20

Full Marks: 70

Time: 30 mins.

Choose the correct answer from the following:

1 ×20=20

- 1. With reference to trade winds, consider the following statements:
  - 1. Trade winds bring rain to the western side of the continents.
  - 2. Trade winds do not form fronts.

Which of the statements given above is/are correct?

a. 1 only

b. 2 only

c. Both 1 and 2

- d. Neither 1 nor 2
- 2. With reference to Westerlies, consider the following statements:
  - 1. Compared to the northern hemisphere, westerlies in the southern hemisphere are faster.
  - 2. Westerlies flow from 30 degrees to 60 degrees north and south

Which of the statements given above is/are correct?

a. 1 only

b. 2 only

c. Both 1 and 2

- d. Neither 1 nor 2
- Consider the following statements:
  - 1. Polar easterlies are very dry and are extremely cold winds.
  - 2. Winter solstice occurs in the month of June.

Which of the statements given above is/are correct?

a. 1 only

b. 2 only

c. Both 1 and 2

- d. Neither 1 nor 2
- 4. Consider the following statements:
  - 1. At Perihelion, Earth is farthest from the sun.
  - 2. At Aphelion, the Earth is near the sun. Which of the statements given above is/are correct?
  - a. 1 only

b. 2 only

c. Both 1 and 2

- d. Neither 1 nor 2
- 5. With reference to temperature belts of the world, consider the following statements:
  - Equatorial low pressure belt present between 5 degrees North and South of the equator.
  - 2. The tundra belt is present at 60-75 degrees North.

Which of the statements given above is/are correct?

a. 1 only

b. 2 only

c. Both 1 and 2

- d. Neither 1 nor 2
- 6. With reference to Coriolis force, consider the following statements:
  - 1. This force is caused due to deflection by earth's rotation.
  - 2. The impact or efficiency of coriolis force increases with increasing height.

Which of the statements given above is/are correct?

a. 1 only

b. 2 only

c. Both 1 and 2

d. Neither 1 nor 2

In the northern hemisphere, the winds would deflect on the Left hand side.  In the southern hemisphere, the winds would deflect on the Right hand side.  Thich of the statements given above is/are correct?  1 only  Both 1 and 2  d. Neither 1 nor 2
Tith reference to the Equatorial Low-Pressure Belt, consider the following statements: This region lies along the equator and receives the highest amount of insolation. It is also known as Inter-Tropical Convergence Zone (ITCZ). It is characterized by stormy and turbulent weather. Thich of the statements given above is/are not correct? 1, 2 and 3  b. 1 and 2 only 2 and 3 only d. None of the above
ith reference to the orographic rainfall, consider the following statements:  The area situated on the leeward side receives less rainfall.  This type of precipitation occurs when warm, humid air strikes a mountain range.  1 only  Both 1 and 2  d. Neither 1 nor 2
hich of the following cloud is known for Thunderstorms and Lightning?  Cumulonimbus  b. Cirrus  Stratus  d. Alto-cumulus
ith reference to Insolation, consider the following statements:  During summer, insolation would be more.  During winter, insolation would be less. hich of the statements given above is/are correct?  1 only  Both 1 and 2  d. Neither 1 nor 2
ith reference to Albedo, consider the following statements:  It is the amount of solar radiation reflected by the earth.  Grass does not have albedo value.  hich of the statements given above is/are correct?  1 only  b. 2 only  Both 1 and 2  d. Neither 1 nor 2
hich of the following are sources of Nitrogen?  Degassing  Weathering of Rocks  Fertilizer and Urea manufacturing plants lect the correct answer using the code given below:  1 only  b. 2 and 3 only  1 and 3 only  d. 1, 2 and 3
th reference to Radiations, consider the following statements:  Solar radiations are short waves.  Terrestrial radiations are long waves.  hich of the statements given above is/are correct?
1 only Both 1 and 2  b. 2 only d. Neither 1 nor 2

15.	<ol> <li>With reference to Precipitation, consider the following statements:</li> <li>The fall of moisture from the atmosphere over the earth surface is precipitation.</li> </ol>				
	2. Cloud and fog are the forms of preci	pitation.			
	Which of the statements given above is		ct?		
	a. 1 only		2 only		
	c. Both 1 and 2		Neither 1 nor 2		
16.	With reference to Stratosphere, conside  1. It is an important layer for Jet and Ad  2. Meteors activity takes place in this la  White of the statements given above is	eroplane fl iyer.	ying.		
	Which of the statements given above is,		2 only		
	a. 1 only c. Both 1 and 2		Neither 1 nor 2		
17.	With reference to Troposphere, conside  1. It is the lowermost layer of the atmost  2. All the weather phenomenon takes p	sphere. blace in this	s layer.		
	Which of the statements given above is,				
	a. 1 only c. Both 1 and 2		2 only Neither 1 nor 2		
	c. both I and 2	u.	Neither 1 not 2		
18.	Consider the following statements: i. The crust is a made of basalt ii. The mantle is a viscous molten rock iii. The outer core is a viscous liquid iv. The inner core is solid Which of the following statements is\ar a. i and ii	re true?	ii and iv		
	c. i and iii		iii and iv		
19.	Consider the following statements:  i. Step fault is an example of strike sli  ii. Uplifted blocks are called as graber  iii. Caspian sea is a rift lake  iv. Lake Victoria is a not rift lake  Which of the following statements is\ar	ip fault 1 re not corre	ect?		
	a. i and ii		ii and iv		
	c. i and iii	d.	iii and iv		
20.	Which of the following statement is\are i. Endogenetic forces are generated d ii. Endogenetic forces shapes the earth	ue to conv	ective currents.		

iii. Orogenesis process is associated with mountain building process.

Which of the following statements is\are true?

a. i only

c. iii only

b. ii only

d. All of the above

## (<u>Descriptive</u>)

Time: 2 Hr. 30 Mins.  [Answer question no.1 & any four (4) from the rest]			
1.	Explain why deserts are formed on the eastern margin of the oceans?	10	
2.	Explain how tropical cyclones are formed?	10	
3.	Write a note on how the seismic waves help in studying the interior of the earth.	10	
4.	Write short notes on: a) Humidity capacity b) Dew point c) Absolute Humidity d) Inter Tropical Convergence Zone e) Shield volcano	2×5=10	
5.	What are jetstreams? Explain the different types	10	
6.	Explain the different types of clouds.	10	
7.	Explain the different types of rainfall.	10	
8.	Explain the different layers of atmosphere.	10
